# COMPANY NEWS

We had a blast throughout our Atlantic Care Services spirit week! Thank you to everyone who participated in such a fun week of events!

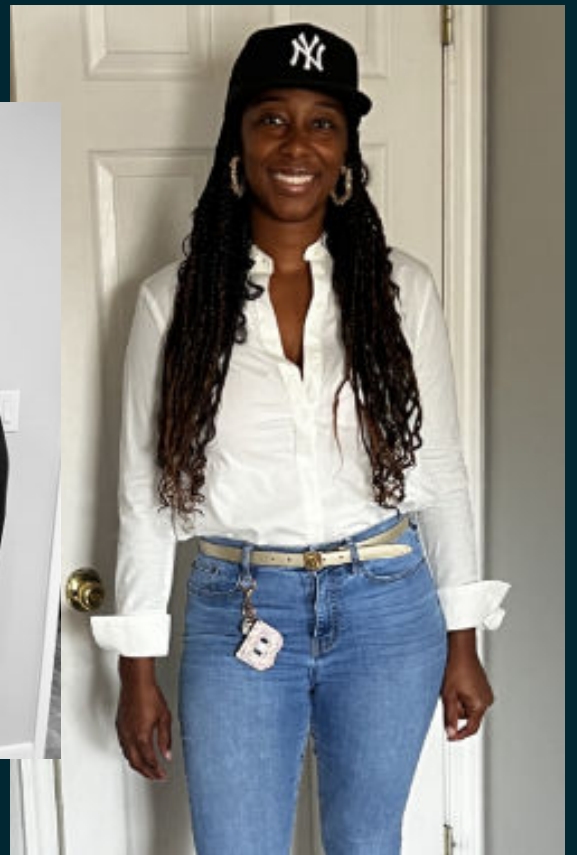

*Monday - Crazy Hair Day*

Tuesday - Jersey Day

*Wednesday - Celebrity Day*

*Thursday - Disney Day*

*Friday - Superhero Day*

We are expanding! By the end of this year we will be opening home health offices in Tampa, St. Pete, West Palm Beach, and Jacksonville. In 2024, we will be opening offices in Fort Lauderdale, Miami, Sarasota, and Tallahassee.

We are still offering free CPR classes for our caregivers! If you are interested in attending one of the classes, please reach out to Natasha through our main phone line at 407-270-5501.

## CAREGIVER HIGHLIGHT

At Atlantic Care Services we have extraordinary individuals who go above and beyond their call of duty, dedicating themselves to improving the lives of others.

We want to shine a spotlight on their unwavering compassion, dedication, and selflessness. In this edition, we celebrate Maria, whose commitment to the well-being of those under her care is truly exceptional.

Maria  
De La Cruz

Maria was chosen as the June caregiver of the month for her recent trip with a Make A Wish patient to Texas and for filling in on urgent shifts when patients are in need. Those around Maria describe her as friendly, social, and having a great sense of humor. Maria was a doctor in Cuba before she studied to become a nurse in the U.S. This is a testament to her immense passion for patient care. Thank you for all of your hard work Maria.

## PATIENT HIGHLIGHT

*Monique  
Gabrielle Wall*

Monique was born prematurely on October 14th, 1999. Her early arrival was due to congenital myotonic dystrophy, a severe degenerative muscle condition. Now 23 years old, Monique has been through multiple operations and procedures, as well as pain many of us cannot fathom. Fortunately, at 17 years old, Monique was able to get an intestinal transplant that helped her reach a better quality of life. Monique enjoys reenacting her favorite shows and movies, playing with her dolls, and playing Xbox games. Monique also enjoys spending quality time with her loved ones. Often, those loved ones are the dedicated and caring healthcare providers that she has become so close to over time. Monique and her family are incredibly grateful for the care she has received and special bonds she has made. Her inner beauty and wonderfully unique personality is a light in everyones life that she meets.
